Here in Tracy, we are privileged to live in a protected setting. Our town is small enough so that many families are well-acquainted; still, newcomers are made to feel welcome, at home, a part of the community. There are none of the pressures of big-city life here. People in stores and businesses have time to smile, to pass the time of day, and to find a high school student a part-time job. The highway runs through town, and it passes Tracy High. But except for those of us who work in restaurants and service stations, it does not affect us. 28,000 cars a day pass through Tracy, but few of their occupants see the town that the road cuts through. Soon the highway and its cars, trucks and noise, too, will bypass Tracy.

Tracy High School is unique for its situation in a community that cares about its young people. Parents and children continue to communicate despite the much-publicized "generation gap." At school, students and teachers trust and like each other. A dedicated administrative staff works tirelessly to see that our educational opportunities remain the finest; always on the lookout for new approaches, unafraid of change.

From this relatively serene and secure vantage point, we students of Tracy High School look out on a nation troubled by war and internal disorder. We see real-life violence, conflict and confrontation that has not yet touched us on the TV news. Here, in Tracy we are still removed, perhaps only one step from a trembling and chaotic world where heroes and villains trade roles from day to day. But looking around us at the simple goodness of our homes and our school, we can still find reasons to be hopeful. We can still look with sober anticipation to a better world in this brave new decade where the dream of peace is possible: Peace between nations and ideologies; peace between the races, religions, and sexes; peace between generations and peace between Americans. It is to this ideal that we dedicate this, the 1970 EL PORTAL.

"All we are saying is give peace a chance."

Introduction

SUPERINTENDENT'S MESSAGE

Each fall I receive a cordial invitation by one or more enthusiastic members of our El Portal Staff to prepare a message for the spring publication. Since the message usually appears at the beginning of the book it is usually due in October. Each year I experience a slightly uneasy feeling much like news reporters who write stories about events which are scheduled but which have not yet actually happened. One such event which comes most vividly to my mind was the story and bold headline in a prominent mid-western newspaper reporting the election of Thomas E. Dewey as our national President.

In the preparation of this 1970 publication I am most favorably impressed with the creativity, high level of interest and genuine enthusiasm being shown by the student staff and their new faculty sponsor, Miss Bonnie Klockslem, as they launch this year's work. The grade range of the students which covers all four years represented by our student body will insure good continuity as the 1971, 1972 and future El Portals are developed.

Three major questions on the fall calendar for which viable answers are being sought include: budget, flexible scheduling (otherwise known as the three - two plan) and an acceptable method of financing a second campus. Legislative activity (state and national), experts from the Field Service Center at the University of California at Berkeley and citizens groups are involved in the search for the answers to these major questions. In a united effort by diligent students to each of these problems will be developed.

James R. French
District Superintendent

PRINCIPAL'S MESSAGE

Bev. E. Grye
Principal

I wish to extend my sincere congratulations to our 1970 El Portal Staff for their outstanding effort and service in compiling the history of events which have taken place during the 1969-70 school year at Tracy High School.

As we pause to reflect upon these events, we can take great pride in our school and of the students who have helped make this year a success. I am sure that in the years ahead, each of you will enjoy looking back through these pages and reliving some of these exciting moments.

To the graduating class of 1970, I extend my best wishes for your continued success and leave you with a parting thought once expressed by the late Dr. Albert

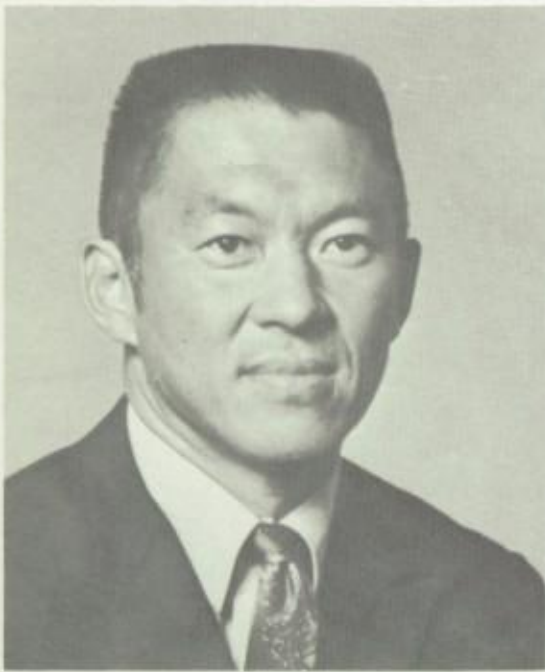

Schweitzer, the famous doctor, writer, musician and missionary. He said, "I do not know what your destiny may be, but this one thing I do know - that no one of you will ever be truly happy until he has sought and found how he may serve."

BOARD

OF

TRUSTEES

President
Dr. Ernest Makino

Clerk
Mrs. Sheila McClelland

Mr. George Stein

Mr. Steve Arnaudo

Mr. Richard Alcock

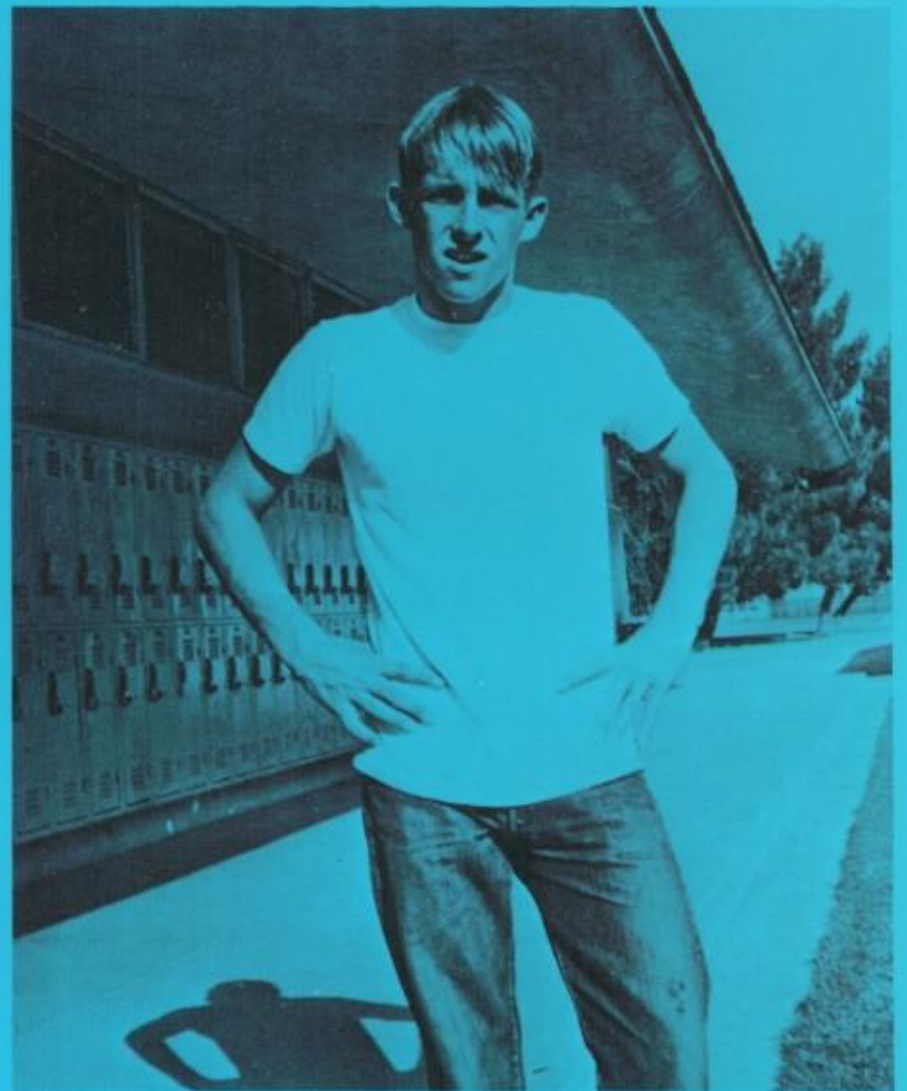

Every first and third Tuesday of each month, at 7:30 P.M., a dedicated school board convenes here at the high school, in SS-5. Anyone from the community, student or citizen, is welcome to attend most meetings and contribute pertinent comments. Official delegations occasionally speak to the board. Interested Tracy-dwellers who have attended school board meetings come away with a new understanding of the issues which face the board, as well as the steps being taken to meet problems.

Officially, the board is concerned with making district policy, an enormous responsibility in itself which entails setting the direction in planning curriculum for the schools; the regulation of student affairs; determining the uses for our facilities; and the awesome task of preparing the yearly budget as well as keeping track of the district's money. Each year, the board carefully examines the present program being implemented in the schools to determine its adequacy for the needs of the students. Possibilities for improvement in the program are under constant scrutiny. The details of staffing the schools with the best possible personnel is another continual concern of the Board. Finally, any problem that comes up within the district is referred to the Board.

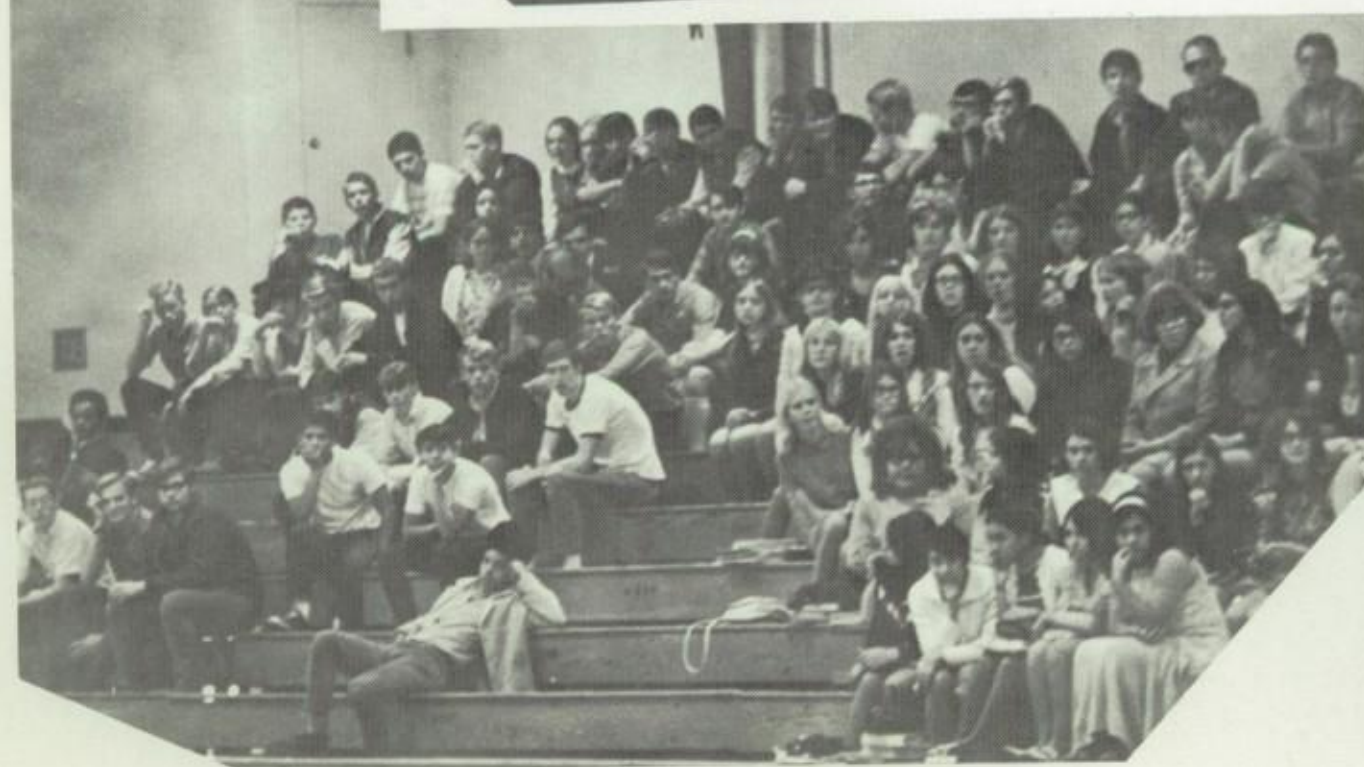

The El Portal staff interviewed one member of the Board to inquire what its most important concerns were this 1969-1970 school year. In that member's opinion, these were the major issues:

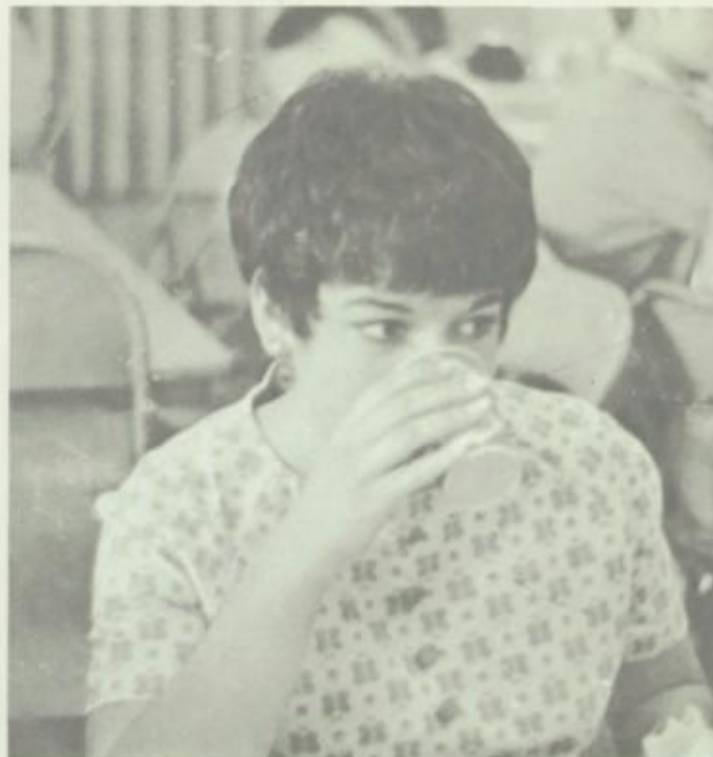

1. The education of the students now enrolled.
2. Plans for an election to finance school buildings here at Tracy High and on a second campus.
3. The evaluation of educational programs, particularly the innovative 3-2 scheduling.
4. The resolution of the problem of constantly rising costs with no new sources of revenue forthcoming.
5. Opening and maintaining lines of communication between students, the schools and the home.

It's a lot of work that our Board does, and we hope these pages devoted to these good public-spirited people express our appreciation of them.

The Afro-American Club is a newly established organization formed to strengthen character, foster black identity, and thereby develop competent black students. Another major goal of the club is to encourage scholastic achievement. The members have sponsored several money raising activities, such as a car wash, chicken dinner, dance, Afro-American Day in May, to provide funds for a scholarship that will aid two Black Students in obtaining a higher education.

We the people of the Afro-American Club intend to show the people of Tracy High, we are all equal. SO, look out, cause here we come.

"Tracy," what's that? The name of a new commercial Product? This is the question I asked myself when I first heard about it. I know now how wrong I was. In fact, it's a wonderful product of about 16,000 people, which about 2,000 were students from Tracy High, and it's these 2,000 students (my friends) I like to dedicate this part of the annual to.

In my staying here, I had the pleasure of going to San Francisco, Mexico, Disneyland, and to Lake Tahoe. These places, I will never forget. I will also remember the exciting waterpolo games, and swimming meets in which I competed, is something I will never have again. These things are all part of my staying here, things I enjoyed very much. But even though everything is finished, like a burnt candle, I will remember you all my life, and I hope you will remember me too. So, when you read these few lines, you'll think of me and the beautiful country I represent, Italy.

Dear Friends!

I know that I can never thank you enough for the great hospitality I was given here by all of you. This year in Tracy High has certainly been the most interesting and also the happiest period of my life.

I want to thank all my new friends I met during my stay here, and all that made me feel at home. The family I lived with, the Howard Alcock's, was a really nice family and I am going to miss them, as I will miss all my friends, when I go back to my own homeland, Finland.

I want to thank also, all the teachers that were so very nice to me and helped me to learn the English language. Also, my very best thanks to the principal and to my counselor.

I hope I can come back one day and meet all my friends again. And I also would like to invite you all to my home country, Finland, so I could pay at least a little bit back of the hospitality you gave me.

Like you certainly know, it is very hard to say good bye to all the friends with whom I have been with a year, but I know I will always remember you all in my heart.

Thank you once again!

The Boy's Block T is a club exclusively for boys who have competed in sports. The main qualification to join Boy's Block T is to have lettered in a varsity sport or have made three minor letters. The Block T raises morale and good sportsmanship between players and often helps those teams in need of funds. Members often contribute time to work at football and basketball games either selling refreshments or programs.

The club is a voluntary organization and there are members from all classes. Members of this group come from all sports. They are chosen from swimming, water polo, football, baseball, basketball, tennis, soccer, wrestling, track and cross-country. All types of people and players become involved in this worthwhile organization.

Congress is an organization made by and for the students of Tracy High School as a means to present the ideas of students. This year Congress has been successfully able to influence and change some of the administration policies, such as the program for the resumption of 3-2 days.

Although Congress is representative of the School it is possible for students not in Congress to present their ideas and thoughts. This is largely due to the change of its structure by last years Congress. In order to make the student government more representative it has expanded from class representatives and club representatives to home room representatives and club representatives.

The purpose of Congress is to try to give each student an opportunity to participate as an influence on his school. Through each members taking part in school activities Congress builds character and prepares its members for the future. This preparation experience is the ultimate goal of Congress.

Yorick

The main purpose of the Drama Club is to see as many plays as possible, from classical to modern, and to enrich our knowledge in all facets of drama.

Some of the plays we have seen this year are "Othello", "Mame" and "Time of Your Life" at Delta J. C.; "The Madwoman of Chaillot" and "Donner" at the University of the Pacific at Davis; "The Rose Tatoo", "Lord Arthur Savile's Crime" and "You're a Good Man, Charlie Brown" by ACT.

One of the most rewarding experiences of the year was a trip to San Joaquin Delta J. C.'s Drama Day presentation for all high schools in the area. Seminars in choreography, make-up, creative dramatics, lighting, stagecraft, puppetry and careers in drama were offered.

The Tracy High Speech Team is composed of all of Mr. Poletti's speech classes. His classes include nearly 160 students, all of whom contribute to the team effort and to Mr. Poletti's plan of teaching.

His plan is one which makes champions and near-champions. Other teams in the Yosemite Forensic League rely on a small group of good speakers to represent them on their speech team. Contrary to our competitors thinking, Mr. Poletti relies on the novice speaker to win and trains him to win. Everyday, every student must speak in class. He is not graded by Mr. Poletti but by his fellow students and speakers.

Tracy belongs to the Yosemite Forensic League, which includes schools from all over the Central Valley. Each year, tournaments are held at different schools. Here, speakers from the league schools meet and give different types of speeches in competition. Events included in competition are debate, extemporaneous speaking, impromptu, original oratory, program reading, and humorous, dramatic, and oratorical interpretations. Although the tournaments are exciting and fast-paced, the big climax comes at the end of the year when the best speakers compete in the state tournament.

As the old saying goes, "Good guys finish last." If this is true, then Tracy will never have any good guys because we will never lose.

FRENCH

In November, the French Club went to see "Jacques Brel is alive and well and living in Paris", which played in San Francisco. This play is the work of one of France's finest songwriters. Dinner afterward was at Basque Elie's where traditional Basque dishes are served.

The big fund raising project of the year was a candy sale. The proceeds helped to pay for the club's activity in January, a progressive dinner.

The Aims and Purposes of the F.F.A.

The primary aim of the FUTURE FARMERS OF AMERICA is the development of agricultural leadership, cooperation, and citizenship. The purposes for which this organization was formed are as follows:

1. To develop competent, aggressive, rural, and agricultural leadership.
2. To create and nurture a love of country life.
3. To strengthen and widen the confidence of young adults in themselves and in their work.
4. To create more interest in the intelligent choice of farming occupations.
5. To encourage members in the of individual farming programs and establish leadership in farming.
6. To encourage members to improve the farm home and its surroundings.
7. To participate in worthy undertakings for the improvement of agriculture.
8. To develop character, train for useful citizenship, and foster patriotism.
9. To participate in cooperative effort.
10. To encourage and practice thrift.
11. To encourage improvement in scholarship.
12. To provide and encourage the development of organized rural recreational activities.

The purpose of Future Teachers is to acquaint interested students with the teaching profession. This is accomplished in two ways. The first, of course, is to take part in actual classroom situations. Here, the student can observe varied aspects of teaching. The second way to become acquainted with a career in teaching is to seek out the duties of a teacher outside the classroom. Different guest speakers and trips to other schools, where clinics might be held, are good sources of this information.

The purpose of Girl's Block T is to promote a greater interest in sports and to create a feeling of fellowship and good sportsmanship.

Upon earning a minimum of 300 points through participation in after school sports the candidate is initiated into Block T. Each girl must help her team effort and cooperate with instructors.

Members in Block T have many activities through the year. They participate in many sports days and during the football season they decorate the goal posts. The organization also enters a car in the homecoming parade and a banquet is held at the end of the year for newly elected officers.

GIRL'S LEAGUE

Girl's League is an organization consisting of every girl at Tracy High, regardless of race, religion, creed, financial status or ability. Girls learn how to work together and are able to enjoy their responsibilities. Girl's League sponsors throughout the year, the annual Girl's Treat Dance, a fashion-show, and luncheon. Asilomar delegates are also selected to attend the annual Conference at Asilomar.

We learn by all sharing ideas and responsibilities therefore preparing ourselves for a brighter future.

By these two goals we are helping Mexicans help themselves. The members of the Mexican Association will strive to help the Mexican race elevate itself to a position of Prominence, Respect, and Equality in the community and the world.

We will not do this by violent means, but by our acts, our accomplishments, our appearance, physically and morally. In this sence we are not conforming to the Anglo society, but are practicing what we learned at our Mothers Knees.

The Spanish Club's Purpose is to stimulate interest in the customs, traditions, and language of the Spanish people. In order to broaden cultural understanding we go on different field trips. The club is striving to raise money for a scholarship, for one of the member.

SCIENCE CLUB

The Science Club is made up of all those who are interested in science and science related subjects. We have freshman through seniors though, before they join the club they should have taken or be taking a class in science.

Through the years we have gone to a number of places, among them Berkely and Davis.

Other activities include movies and speakers. In past years we have had club members taking place in the Science Fair and members have won in the county fair and have gone on to win in the regional. Our advisor, Mr. Peterson, plans the years events with the officers.

Science Club is both interesting and enjoyable to anyone interested in science.

The Purpose and Aims of the SCHOLAR AND ATHLETE

The purpose of a newspaper is to report the news truthfully and without bias. Although it is hard for students to be unbiased about their school, the SCHOLAR AND ATHLETE has tried to refrain from prejudice, and present the news in an interesting and informative manner.

At the beginning of this year, the SCHOLAR AND ATHLETE was finally able to begin production of a larger paper. In this Paper, we have tried to represent as many viewpoints as are found at this school, but it is not always possible. More participation by the students and faculty, through letters to the editor and suggestions for stories, would be appreciated, of course in future years.

Whatever our successes and failures have been this year, we have nothing but the best of luck to future editors, advertizing managers, photographers, and reporters, and maybe even to the advisors.

The Smarteens Club was formed at Tracy High to help students understand the dangers of drugs today.

Smarteens is an international organization with clubs at schools through the United States.

We try to make our meetings interesting by having speakers come in and talk to the students and by getting films on drugs which have not been shown at school before.

Not only have we had drug experts come in but also teenagers who had been "hooked" on drugs. These speakers are very popular because they can really tell us what it's all about.

We urge all the students to come to our meetings and we assure you, you will enjoy them.

The Tracy High Bulldog Band, The Pride of Tracy, was truly a winning band this year. Early last fall the band took honors at the Livermore Centennial parade, winning first place in the Sweepstakes. Next, the band took second place in A division at the University of Pacific Homecoming Parade. Another A division first place award was brought home from the Central Valley Band Review at Merced. To end the 1969 marching season in glory, the band traveled to Long Beach and participated in the All-Western Band Review, winning Fifth Place in the B division. This was a milestone in Tracy Band history being the first time a trophy was brought home from Long Beach.

At last! Never thought you'd make it-did you? Just one more year and the goal you've been working for and playing for all those long semesters will at last be reached. This is the threshold to "LIFE" itself! (Little do they know that next semester they'll only be freshmen again!)

Well kids, how do you feel? You're kind of in limbo now, but next year you'll be "SENIORS" and will you have learned anything? Have you grownup any from the gangly, silly little thing they call a freshman? Yes! You've learned that no matter what class comes along you can beat'em! YAY JUNIORS! (who were once freshmen and sophomores and are now embryo seniors)

SNAPS

When Sophomores were freshmen they had all the world in their arms and it, at times, was quite a burden. Now that the thrill of being in high school has worn off and they are older, they can't remember that they were ever "that dumb" and their belief is that freshmen are the lowest creatures on earth. (They are not alone in this belief either because juniors and seniors don't have very good memories either.)

SNAPS

Freshmen are young, a little scared and live in their own world which is composed of friends, football games and the opposite sex. Before these kids got into high school, they were big bad eighth graders and were ready to conquer the world (Tracy High) and prove to the incumbent sophs, juniors, and seniors that the class of "73" was the greatest class ever to hit Tracy High School. (The freshman's greatest goal is to be a "SENIOR" and be superior to all those underclassmen.

VERY SPECIAL MESSAGES

Jerry,
Well, another
year has ended,
and another year
will come. Your a very
nice person. I guess that's just
at times but I don't drink
your BAB! Have fun & don't drink
too much this morning! Ha Ha
nights was enough! Ha Ha

D.S. Don't get shook
cuz that's the way
I sign all things
that I write.

Love ya
